

FATHERS EVE SHOPPING LIST

We're Here to Make Planning Your Party Easy!

That's why we made this grocery list which has everything you need from our Recipe Cards to make each recipe and drink!

Be sure to read through each recipe and the complete shopping list before headed to the store for the party. Depending on how many people you have coming, halve or double our recipes as necessary. Take inventory of what you already have, and ask friends to chip in or bring a dish to cut costs. One of the reasons we designed the recipe cards is so you can have your friends or fellow Dads bring a dish!
